Ref:KACPL/Stability/Mount Carmal/2021/401

CERTIFICATE OF STABILITY **(FORM NO. 1A RULE 3A)**

This is to certify that, I have inspected the school building of Mount Carmel Convent Senior Secondary School, Cement Nagar on Dated: 12.04.2021 belonging to Carmel Education Society, on plot bearing survey no. 33 at Usagaon for the purpose of certification of its structural stability and soundness.

The physical specifications of the said building are as under

1) Structure	:	RCC Framed Structures (Two Floor Gtz)
2) Foundation.	:	RCC Isolated Tooling
3) Super Structures	:	230mm Thick Brick Wall
4) Roofing	:	RCC Slab
5) Flooring	:	Cement Flooring
6) Doors and Windows	:	Teak Wood Window
7) Painting (Internal)	:	Partly Oil Paint and Partly Distempers
8) Painting (External)	:	Exterior Emulation
9) Year of Const.	:	1972

On my keen minutes observation of the building and taking account its specification pertaining to its structural stability, I am of the opinion that the said building is sound safe & sturdy for its use. There are no physical sign of cracks, deformities; displacement and settlement.

Hence issue this certificate

Place: Nagpur
